

Dear friends

Undoubtedly every Club Soroptimist anniversary is a celebration. Celebration intended as the attainment of a date that seals a journey enriched with years dedicated to projects and events and also gatherings with the other Clubs.

On the occasion of our 70th anniversary we want to focus attention on the issue of the acceptance of diversity and ensure this tenet becomes a celebration that enables us to further embrace the values that we share.

In doing so the city of Florence yet again affirms to be the place of dialogue, hospitality and peace.

We are looking forward to seeing you in force!

Maria Teresa Tronfi
