

Soroptimist Union of Greece
Athens, July 2024

The Soroptimist Union of Greece will hold the **Soroptimist Leadership Academy SLA Greece 2024 in the city of Kavala from August 19-23, 2024, with the topic "Woman-Leader in the Age of Artificial Intelligence (AI) - New Challenges and Prospects"**.

The Soroptimist Leadership Academy SLA GREECE 2024, led by Soroptimist International of Europe, will train 27 young women from Greece and other European countries like Turkey, using its own funds, to develop the new tools, challenges, and perspectives offered by Artificial Intelligence, as well as leadership capacities.

Women and girls will achieve their individual and collective potential, realize aspirations and have an equal voice in creating strong, peaceful communities around the world.

The Leadership Academy's mission is to provide a high-quality educational atmosphere that will instill a sense of possibilities in young women. The aim of it is to demonstrate the participants what it means to be a leader and serve society, how to act like a leader, and how this might affect their future.

This will make young women feel empowered to care for themselves and others. Kavala will host 27 participants-trainees and distinguished lecturers, as well as officials from our Organization from all across Europe. Estimated total number of guests: 50 persons

As we consider it is a great opportunity to promote our country through this educational program, we have organized parallel social events including guided tours to the Philippi archaeological site, a UNESCO world cultural heritage site, in Baptistery of Agia Lydia of Philippisia and also to the city of Kavala, visits to museums, excursions to the neighboring city of Xanthi, getting to know the natural beauties of our region.
