INVITATION

Dear Soroptimists,

Join us for an inspiring panel discussion and Q&A on **“Reclaiming Digital Spaces: A Dialogue on Online GBV”** ❤️

We're excited to launch our mission to create meaningful, cross-border impact. As our first official event since founding in November 2025, this **Charter Celebration** marks the beginning of our commitment to empowering women and girls through education, advocacy, and collective action.

Online gender-based violence (GBV) affects millions every day. As digital spaces become central to our lives, understanding the many forms of online GBV—and the tools to prevent and challenge it—has never been more crucial. That's why SI eClub synerSHE Germany is dedicating its very first project to raising awareness and sparking real conversations for change.

 **28 February 2026**

 **11:00 AM (CET)**

 **Online (access link will be shared closer to the event)**

 **Register now: [Click here](#)**

What to Expect
